# EMBA CLASS OF 2022

## Executives from

**Anshika Bharti**, Senior Marketing Manager,  
Cardinality.ai

“Some of the classes would be really thought provoking, and some gave exposure to entirely new domains. Making good presentations & delivering them better, within a strict time constraint, is something that many of us have upskilled to. One of my biggest learnings, “Its easy to answer, but most difficult to ask the right questions”.”

**Vasudevan Mukundan**, Head - Software Practice,  
Sasken Technologies

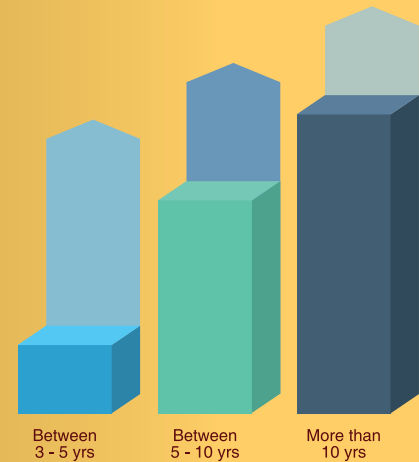

“Time management and holistic thinking approach to any business problem.”

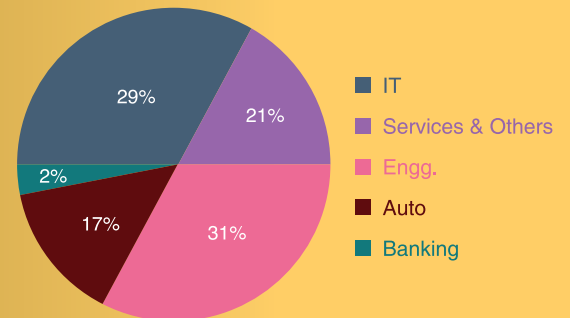

**Vishnu T R**, Senior Manager,  
Daimler India Commercial Vehicles

“Peer Interaction, Veteran Professors, IIT campus.”
