INDIAN INSTITUTE OF TECHNOLOGY MADRAS

Indian Institute of Technology Madras

IIT Madras is known for its excellence in higher education, basic and applied research, innovation, entrepreneurship and industrial consultancy. Faculty of international repute, highly motivated student community, excellent technical and supporting staff, top-notch laboratories, and academic infrastructure have all contributed to our pre-eminent status.

#1 Overall, #1 Engineering
National Institutional Ranking Framework

#1 Innovative Institution
Atal Ranking of Institutions on Innovation Achievements

The IIT Madras Campus was born out of a natural forest that was part of the Guindy National Park. The main inhabitants of these ecosystems are the blackbucks, spotted deer, mongooses, macaque monkey, 40 different species of butterflies and about 100 species of birds.

The IIT Madras Ecosystem

Innovation Ecosystem

- Application-oriented research
- Interdisciplinary collaborations
- Industry forums and consultations

Entrepreneurship & Incubation

India's first university-based research park fostering diverse startups

Networking & Leadership

- Interact with notable personages through lectures and events
- Access well-connected peer and alumni network across the world

The DoMS Advantage

- Exposure to ever-changing industry needs
- Part of IIT environment
- Expertise in quantitative and analytical skills
- Emphasis on systems approach
- International collaborations and exchange programs
- Faculty with deep industrial domain expertise and professional achievements

“DoMS helped shape the two best, and most critical years of my life. What came together was not mere academia, but the art of management, the industry edge, the brand of IIT Madras and the spark of business across domains and dreams. Career clarity, eminent faculty and the two-year rigour and adrenaline of the MBA program are something that I'll always cherish and draw from - time immemorial.”

Prathyusha Deepak
MBA 2021-23 / BANK OF AMERICA

“The diverse and dynamic learning environment of DoMS has fostered great networking opportunities, enabling us to build invaluable connections with industry professionals and fellow peers. Through its rigorous curriculum, the MBA program has cultivated strategic thinking and leadership acumen, preparing all of us to become change-makers in our respective industries.”

Harish Guptha K
MBA 2021-23 / MORGAN STANLEY

A career investment for working professionals

Two-year executive degree programme, with weekend classes over 8 quarters

About the Program

- Designed for blended learning
- Classes on alternate weekends facilitate strategic career investments and a work-life balance
- A new addition is the inclusion of an International Immersion Learning Program
- Deep functional and broad industrial domain knowledge
- Integrative perspective of boundary-spanning business decisions
- Leadership traits to contribute in a global business setup

Who Can Apply

- $\geq 60\%$ Bachelor's degree (any discipline)
- ≥ 3 years of work experience
- For more details: doms.iitm.ac.in/emba

● Functional Foundation (10 CORE COURSES)

Theoretical, conceptual, and insightful understanding of major functions and departmental roles in business units and corporations.

● Integrated Perspective (4 CORE + 12 ELECTIVE)

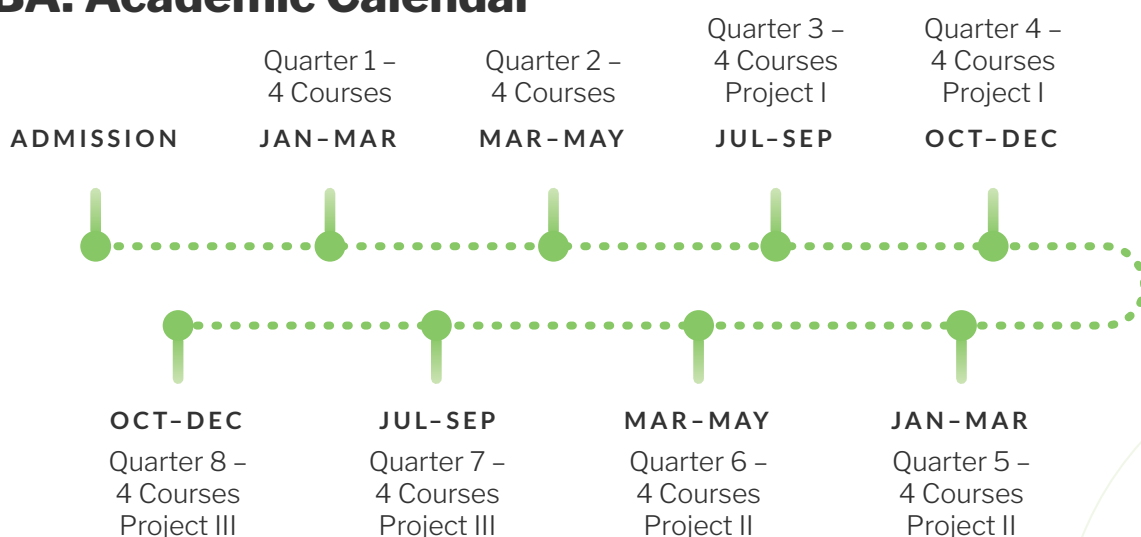

Develop strategic perspectives on cross-functional challenges and inter-departmental synergies.

● Global Leadership (2 CORE + 8 ELECTIVE)

Explore growth, profitability and sustainability avenues in local and global business contexts.

EMBA: Academic Calendar

The EMBA Advantage

Experience-based

Pragmatic curriculum with three capstone projects enabling application and implementation of solutions in real life

Convenience

Alternate weekend classes facilitate knowledge assimilation and campus bonding while supporting work and family commitments

International Exposure

International Immersion Learning Program offers classroom sessions in prestigious international institutions, combined with field visits to leading business and socioeconomic centres

“As a mid-career IT professional, the EMBA programme was transformative for me. It equipped me with comprehensive insights into HR, Marketing, Finance, and Operations, as well as strategy and, more importantly, an integrated perspective. By harmonizing this newfound knowledge with my technical expertise, I've enhanced my ability to understand our customers' business intricacies clearly. This proficiency allows me to craft precise technical solutions for their challenges and engage confidently with the C-suite of large customer organizations. The faculty's expertise and guidance are truly unparalleled. Moreover, learning alongside a diverse peer group, from senior industry leaders to budding entrepreneurs, has been an enriching experience.”

Guruprasanna Marimuthu
EMBA 2021-23

VLM: Academic Calendar

“The PGPEX-VLM program has profoundly transformed me, exposing me to diverse management concepts and fostering strategic thinking through collaboration with peers and esteemed faculty. Emphasizing experiential learning, the program equipped me with adaptability and resilience, empowering me to navigate evolving global challenges and seize opportunities as a future leader in manufacturing and operations.”

Nishant Katkar
ASSISTANT MANAGER, GRANT THORNTON INDIA

“The journey of the PGPEX-VLM programme had a meaningful effect in our professional as well as personal lives. By leveraging the expertise of the three esteemed institutes & diverse cohort, the curriculum goes all out to build technical and management competency among students. The unique course pedagogy enables students to step out from their comfort zone, making them ready to tackle the business challenges in the current BANI world and be a visionary leader.”

Nitish Saini
SENIOR CONSULTANT, LTI MINDTREE LIMITED

“PGPEX-VLM presents an opportunity of a lifetime — exposure to the best of India’s institutes & rigorous, content packed curriculum not only provides a strong foundation of knowledge and skills but also instills a sense of discipline, leadership & strategic thinking.”

Shivankur Mittal
SENIOR MANAGER, CIPLA

“DoMS IIT Madras provides a platform for students to nurture their skills, creativity, and overall development. The MS-PhD program at the DoMS introduced me to the fundamental level of management through MBA level courses and advanced level through research level courses. The learning sessions from the most dynamic and distinguished faculties are phenomenal. Apart from academic research, the various department activities have provided great networking opportunities globally and gain leadership experiences. I am thankful to DoMS for the marvelous journey I had, transforming me personally and professionally.”

Industry Engagement

+91 44 2257 4587
domsld@smail.iitm.ac.in

The constantly changing business landscape requires managers to seamlessly adapt to new modes of working and leading, with an agile mindset and innovative strategies. Managers in contemporary organizations perpetually grapple with the need to quickly scale up and deliver results. DoMS' industry engagement initiatives are designed to facilitate managers' effectiveness in their current roles as well as to groom them for greater responsibilities and career growth.

Management Development Programmes (MDPs): These are industry-oriented executive education programmes with a robust curriculum. These programmes can be customized to deliver specific learning based on the organization's needs. DoMS MDPs can be availed in various formats (on-campus, off-campus, virtual or hybrid) with a flexibility in duration (short-, medium-, or long-term).

Consultancy Projects: The faculty's knowledge and professional expertise is employed in addressing specific requirements of any industry.

Sponsored Research Projects: These are research projects sponsored by organizations for development in a particular area of interest to the industry.

Management Invitation Lecture Series and Workshops: Industry experts cover a wide range of topics that pave the pathway for students to prepare them for life in the business world.

Industry Sponsored Research Labs: Insights and evidence gained from academic research are utilized in providing pragmatic solutions for industrial applications and policy making.

Summer Internships

The summer internship program at DoMS is an integral part of the MBA programme. The two-month summer internship provides the MBA students with industry exposure, enabling them to practice the theoretical knowledge acquired during the first year of the MBA programme. DoMS students have proved their mettle time and again with their exceptional performance, and many have secured full-time jobs through Pre-Placement Offers (PPOs).
