Department of Management Studies, IIT Madras is pleased to announce the completion of a highly successful placement season for its MBA and M.S. (Research) students. We express sincere gratitude to our valued regular recruiters and renowned first-time recruiters for having shown faith in DoMS-IITM.

The final placement process was conducted from December 2021 onwards and witnessed over 25 companies recruiting for a wide variety of profiles from the campus. The recruiters were overwhelmed with the quality of the program and the skill set of the participating students.

Overall, the placement process received active participation from companies across all domains, ensuring ample choice for the candidates to pursue careers in the field of their preferences.

The diverse profiles offered by the companies to the batch is evidence of the quality and efforts of DoMS. We are grateful to the recruiters for reaffirming their faith in the talents developed by the DoMS MBA program.

We also thank our faculty members and alumni for their extensive support in making the final placement process a huge success.
